

Glossary

Rain gauge	A tool you can use to show how much it has rained.
Season	A time of the year with a particular type of weather.
Temperature	How hot or cold it is.
Weather forecast	Explaining what the weather will be like.

Sticky Knowledge:

- The months of the year: January, February, March, April, May, June, July, August, September, October, November, December
- The seasons of the UK: autumn, winter, spring and summer
- Winter is cold, wet and windy. It snows in some areas and gets dark early.
- Spring brings warmer weather. Flowers start to grow and baby lambs are born.
- In summer, the weather becomes hotter. There is often less rain, but there may be thunderstorms.
- The weather starts to get colder in autumn. Leaves change colour and fall off the trees.

What we will be learning:

- Months of the year and seasons.
- Differences between the seasons.
- Features of different seasons.
- Clothing worn in different weather.
- Weather types in the UK.
- How the weather affects different jobs.

Place names	Geographical terms and processes	Locational terms
